

## Table of Contents

|  |           |
|--|-----------|
| <b>GLOSSARY AND LIST OF ABBREVIATIONS .....</b>                          | <b>i</b>  |
| <b>Chapter 1. INTRODUCTION.....</b>                                      | <b>1</b>  |
| PURPOSE AND SCOPE.....   | 1         |
| BASIS OF WATER SUPPLY PLANNING .....                                     | 1         |
| Legal Authority and Requirements .....                                   | 1         |
| Water Supply Planning Initiative .....                                   | 5         |
| Incorporation of State Directives into District Water Supply Goals ..... | 6         |
| PLANNING PROCESS .....   | 8         |
| Background Work .....  | 8         |
| Analysis/Issue Identification .....                                      | 11        |
| Solution Development .....   | 11        |
| Implementation .....   | 11        |
| PUBLIC AND AGENCY PARTICIPATION .....                                    | 11        |
| Advisory Committee .....   | 11        |
| Local Government Linkage .....   | 13        |
| Data Confirmation .....  | 14        |
| <b>Chapter 2. PLANNING AREA DESCRIPTION .....</b>                        | <b>15</b> |
| PLAN BOUNDARIES .....  | 15        |
| RELATED PLANNING AREAS .....   | 15        |
| PHYSICAL FEATURES .....  | 17        |
| Geography and Climate .....  | 17        |
| Physiography .....   | 17        |
| POPULATION .....   | 18        |
| MUNICIPALITIES .....   | 18        |
| AGRICULTURE .....  | 18        |
| LAND USE .....   | 19        |
| Existing Land Use .....  | 19        |
| Updated Land Use Classification System .....                             | 20        |
| Land Use Trends .....  | 20        |
| <b>Chapter 3. WATER RESOURCES AND SYSTEM OVERVIEW .....</b>              | <b>21</b> |
| REGIONAL HYDROLOGIC CYCLE .....  | 21        |
| Precipitation and Evapotranspiration .....                               | 21        |
| Surface Water Inflow and Outflow .....                                   | 22        |
| Exchange with Ground Water .....   | 22        |
| SURFACE WATER RESOURCES .....  | 22        |
| Surface Water Planning Areas .....                                       | 25        |

|  |           |
|--|-----------|
| Drainage Districts.....                                    | 38        |
| GROUND WATER RESOURCES .....                               | 40        |
| Surficial Aquifer System.....                              | 41        |
| Upper Confining Unit for the Floridan Aquifer System ..... | 42        |
| Floridan Aquifer System .....                              | 42        |
| SURFACE WATER/GROUND WATER RELATIONSHIPS .....             | 45        |
| <b>Chapter 4. NATURAL RESOURCES .....</b>                  | <b>47</b> |
| COASTAL RESOURCES .....                                    | 47        |
| Description of Coastal Resources .....                     | 47        |
| Water Needs of the Coastal Resources .....                 | 48        |
| INLAND RESOURCES .....                                     | 48        |
| Description of Inland Resources .....                      | 48        |
| Water Needs of Inland Resources .....                      | 53        |
| PROTECTION OF NATURAL RESOURCES .....                      | 54        |
| Wetland Policies.....                                      | 55        |
| Wetland Location .....                                     | 55        |
| Wetland Buffers .....                                      | 55        |
| Wellfield Impact Monitoring .....                          | 56        |
| Wetland Mitigation Banking.....                            | 57        |
| Surface Water Improvement and Management .....             | 57        |
| Indian River Lagoon Restoration Feasibility Study .....    | 59        |
| National Estuary Program .....                             | 61        |
| Land Acquisition Programs.....                             | 61        |
| <b>Chapter 5. RESOURCE REGULATION .....</b>                | <b>63</b> |
| ENVIRONMENTAL RESOURCE PERMITTING .....                    | 63        |
| CONSUMPTIVE USE PERMITTING .....                           | 64        |
| Basis of Review Criteria .....                             | 64        |
| Areas with Increased Permitting Restrictions .....         | 65        |
| WATER SHORTAGE MANAGEMENT .....                            | 67        |
| WELLHEAD PROTECTION ORDINANCES .....                       | 69        |
| <b>Chapter 6. DEMAND ESTIMATES AND PROJECTIONS .....</b>   | <b>71</b> |
| URBAN WATER DEMAND .....                                   | 73        |
| Public Water Supply and Residential Self Supplied .....    | 73        |
| Recreation Self Supplied.....                              | 74        |
| AGRICULTURAL WATER DEMAND .....                            | 75        |
| Summary of Agricultural Demand.....                        | 75        |
| Citrus.....  | 76        |
| Sugarcane .....  | 78        |
| Vegetables .....   | 78        |
| Sod .....  | 78        |

|   |           |
|---|-----------|
| Cut Flowers .....                                   | 78        |
| Ornamental Nursery .....                            | 78        |
| Improved Pasture .....                              | 79        |
| Cattle Watering .....                               | 79        |
| <b>Chapter 7. WATER CONSERVATION .....</b>          | <b>81</b> |
| MANDATORY WATER CONSERVATION MEASURES .....         | 81        |
| Public Water Supply Utilities .....                 | 81        |
| Commercial/Industrial Users .....                   | 85        |
| Landscape and Golf Course Users .....               | 85        |
| Agricultural Users .....                            | 85        |
| SUPPLEMENTARY WATER CONSERVATION MEASURES .....     | 86        |
| Urban Users .....                                   | 86        |
| Public Water Supply Utilities .....                 | 88        |
| Agricultural Users .....                            | 89        |
| <b>Chapter 8. WATER SOURCE OPTIONS .....</b>        | <b>91</b> |
| WELLFIELD EXPANSION .....                           | 91        |
| UTILITY INTERCONNECTIONS .....                      | 92        |
| WASTEWATER REUSE .....                              | 92        |
| Reuse Costs .....                                   | 92        |
| Existing Treatment Facilities .....                 | 93        |
| SURFACE WATER STORAGE .....                         | 93        |
| AQUIFER STORAGE AND RECOVERY .....                  | 94        |
| ASR Costs .....                                     | 95        |
| Existing ASR Facilities .....                       | 95        |
| FLORIDAN AQUIFER SYSTEM .....                       | 96        |
| OCEAN WATER .....                                   | 96        |
| <b>Chapter 9. WATER QUALITY AND TREATMENT .....</b> | <b>99</b> |
| WATER QUALITY STANDARDS .....                       | 99        |
| Drinking Water Standards .....                      | 99        |
| Nonpotable Water Standards .....                    | 100       |
| GROUND WATER CONTAMINATION AND IMPACTS TO           |           |
| WATER SUPPLY .....                                  | 100       |
| Ground Water Contamination Sources .....            | 101       |
| Impacts to Water Supply .....                       | 103       |
| WATER TREATMENT TECHNOLOGIES .....                  | 103       |
| Lime Softening .....                                | 103       |
| Reverse Osmosis .....                               | 105       |
| Membrane Softening .....                            | 107       |
| Electrodialysis and Electrodialysis Reversal .....  | 108       |
| Distillation .....                                  | 108       |

|   |            |
|---|------------|
| WATER TREATMENT FACILITIES .....                                | 109        |
| Potable Water Treatment Facilities .....                        | 109        |
| Wastewater Treatment Facilities .....                           | 112        |
